

Tempoflux exposed valve

Tempoflux recessed

Dimensions in mm

Data

Tempoflux WC flush valve.

- Very easy to open by a smooth pressure on the push-button
- Direct flush: instantaneous flow by correct dimensioning of the installation and utilizing the available dynamic pressure.
- Automatic delayed shut-off, 7 secs.
- Integral vacuum breaker.
- Use with 3/4" stop and flow control valve.

Code number

- 761000 - Tempoflux 3/4" WC - exposed flush valve only.
 761002 - Tempoflux 3/4" WC kit with stop cock and complete with chrome plated elbow tube \varnothing 28 with nut collar, connection washer \varnothing 28/55 and clamp code 766002.
 761004 - Tempoflux 3/4" WC kit without stop cock and complete with chrome plated elbow tube \varnothing 28 with nut collar, connection washer \varnothing 28/55 and clamp code 766002.
 761900 - Tempoflux 3/4" recessed WC flush valve with circular wall plate \varnothing 195.

Pressures and flow-rates

Dynamic pressure	bar	0.5	1	2	3
Max. instant flow-rate	l/s	0.40	0.95	1.65	2.00
761000 only					
Max. instant flow-rate with stop cock	l/s	0.30	0.75	1.25	1.60
Recommended dynamic pressure:	2 to 4 bar Minimum pressure				
Inlet connections:	\varnothing internal 20 minimum				
Outlet connections:	Tube \varnothing 28				

Description

Automatic shut-off valve 3/4" for WC, direct flush without cistern. Self-cleaning system. Interchangeable cartridge mechanism.

- Integrated vacuum-breaker.
- Flush-valve Tempoflux ~7 sec. delayed

Advantages

- Easy operation (*children, handicapped or elderly people...*)
- Vandal resistant: Chrome plated body and shock and vandal proof mechanism. Avoids cisterns in WC.
- Efficiency: powerful direct flush.
- Reliability: designed with scale and corrosion proof materials.

How to specify

Tempoflux 3/4" WC Kit exposed (7 secs.) Code no. 761000

Angled flow and stop valve 3/4" BSP(F). Code no 765020

Tempoflux 3/4" WC Kit with stop valve and complete with chrome plated elbow tube \varnothing 28 with nut collar, connection washer \varnothing 28/55 and clamp code. Code no 761002

Tempoflux 3/4" WC Kit without stop valve and complete with chrome plated elbow tube \varnothing 28 with nut collar, connection washer \varnothing 28/55 and clamp code. Code no 761004

Tempoflux 3/4" Recessed for WC flush (7 secs.) and chrome plated wall plate \varnothing 195. Code no 761900
